

Sunil Bhaskaran Bio (marketing purposes)

Sunil is the founder of Global Business Mastermind, a highly sought after training program helping business owners grow their audiences and reach. Sunil works with a variety of people: entrepreneurs, iconoclasts, leaders, creatives. He has a meetup organization of more than 200,000+ business owners and professionals across the US, UK, Canada and now in South East Asia.

His true love lies in global business community building and generating collaborative, profitable businesses. Sunil effortlessly blends his business, technology, and academic backgrounds to mentor business owners and help them take their ventures to new, solvent heights. His unique personality type: Idealist Champion (representing 3 percent of the population) allows him to lead inspirationally by making genuine and authentic connections with clients.

Sunil brings a multifaceted approach to business through his knowledge of the social sciences, economics, literature, and cognitive neuroscience to curate innovative insights. Born and raised in Singapore, Sunil's exposure to diverse perspectives and different categories of thinking has greatly influenced how he approaches business.

Sunil is the author of 3 books, speaks to an audience of 200,000 weekly, and has two degrees in both computer science and electrical engineering. He brings a wealth of knowledge and experience to those he mentors. He lives in the Bay area with his lovely wife, Glenda.
